Purdue University

Vision

A global, inclusive Veterinary Superhero League where VetaHumanz in academia, practice, research, government, and industry provide access and support for underserved youth.

Aims

- Establish an alliance of diverse, equity-minded veterinarians to provide socioeconomically or educationally disadvantaged K-4 students direct, supportive veterinary role models.
- Develop SuperPower Packs, an innovative strategy to provide impactful and engaging veterinary STEM educational experiences to disadvantaged children lacking access to direct supportive veterinary role models.
- Develop a Website for youth to learn about diverse veterinary professionals, find specific career information, and take advantage of experiential and mentoring opportunities.
